## **The Best Agent in Oakland County!**

I have worked with other agents in the past, as well as the current home purchase we had just made. Linda was by far on top of the food chain. Always there when you need her, encouraging you to sleep on it before you make a decision, and always looking out for your best interest. All the others are just looking for a pay check. I am sending all my friends and family to Linda Raveau!

## **Grateful for Advice & Expertise**

Linda helped my husband and I purchase our first home and we could not be more grateful for all of her advice and expertise. She guided us through the process and answered our many questions. She was always available when we needed her and helped us find exactly the home we were looking for - even in our very limited time frame.

## **Linda Made Everything Easy & Stress-free**

Linda couldn't have made the process of selling my home any easier. It was my first time selling, and she made it very easy and stress-free. She explained everything clearly and using a market analysis and her years of expertise, determined the asking price sweet spot that would sell my house quickly and get the most return. Then she staged and photographed my home so beautifully I wanted to move back in! I quickly received multiple offers and Linda calmly guided me into making the choice that was right for me. If I were to sell or buy again, I'd go straight to Linda with the utmost confidence.

## **Above & Beyond Service**

Linda is a true professional with substantial knowledge about real estate. She is very dependable and provides outstanding consulting as you make the many decisions involved in the sell of real estate. Our situation was even more complicated because we were out of

state trying to sell the property. Following the recommendations of Linda helped us sell our property in one day. Amazing! Additionally, she went above and beyond in assisting us throughout the entire process. Thanks Linda!

## **Helpful, Knowledgeable & Easy to Reach**

I would recommend Linda to anyone! She's very helpful, knowledgeable and easy to get a hold of. As cheesy as this is going to sound, she's not trying to sell you a house, she's trying to find you a home.

## **Honest, Reliable, Responsive**

I have worked with Linda twice now. First, when purchasing my first home and again, when selling that home. Both instances were smooth and easy. Linda is very knowledgeable and completely honest with her clients. If you are looking for a reliable and responsive realtor, look no further!

## **Interior Design Knowledge Advantageous**

Working with Linda was an incredibly smooth and easy process. As a first time home buyer I was both nervous, excited and didn't have a lot knowledge of the home buying process. Linda's knowledge of the market, business and interior design was extremely advantageous and offered extra information and perspective on potential homes. She was always available to show me homes, and answer all my questions. Linda advocated for me as a buyer and led me to my first home purchase. I am so grateful and happy with my purchase! Thank you again Linda for all your hard work and help!

## **Suggested Ideas to Increase Value**

With Linda's Interior Design experience, she was wonderful at suggesting ideas to improve the look of my home, both inside and out, to increase its value. She took the time to research the neighborhood and local amenities. The first day my house was on the market Linda had an open house and I had 4 offers by the next day that exceeded the listing price! Everything went smoothly from there on. Linda was available and quick to respond to any questions I had regarding what I needed to do to complete the sale. She keep me well

informed each step of the way through to closing. I would highly recommend Linda. She is personable and professional in every way.

## **Helped Guide us and Made Enjoyable**

Our relationship with Linda Raveau as our Real Estate Broker has been tremendous. The buying and selling process was difficult for us since it had been 18 years since we went through this process and many things have changed, but Linda helped guide us and actually made it enjoyable. When we began this adventure, we did not even know where to begin or what price to list our house. Linda helped set a great asking price and after just one open house and in less than a week after listing our house, it was sold. Linda also helped us find a beautiful new home in an amazing neighborhood that fits our personalities in less than 30 days after beginning our search. Linda was patient with us and helped throughout the process by coordinating with the other real estate brokers and mortgage professionals involved in both the sale and purchase of our homes. Linda made this process less stressful and had great ideas and supported out wants and needs throughout the complete process of buying and selling.

## **Assured Me the Right One Will Be Out There**

I was recommended Linda by a co-worker and I am thrilled I took the recommendation! Linda and I began our search right as the market got extremely hot which was daunting yet Linda assured me, The right one will be out there waiting for you! . Throughout the process Linda was always available for any questions and provided sound advice and tips. Her expertise, professionalism and communication are fantastic and it was truly a pleasure to have worked with her.

## **Top Notch Agent**

Working with Linda was a pleasure! I would work with her again and recommend her for anyone looking for an agent who is professional, friendly, dependable, authentic, knowledgeable, direct, etc. I'm detail-oriented and do quite a bit of research, especially for large money things. Linda had the credentials and was well reviewed, but one can never know if they're legitimate. I have no doubt the are. To start, we met to discuss our backgrounds, what I was looking for, the buying process, etc. and to gauge how well we could work together. As a first time buyer, Linda was very helpful and patient in addressing my questions/concerns and pointing out things I had missed. Additionally, she referred me to a mortgage broker, whom she had worked with previously and was offering a program

that fit my situation. I was already pre-approved with a few other lenders and ultimately went with her referral. Like Linda, they were on top of it and followed through with flying colors. Working with them and Linda made the process so smooth, easy, and painless I was surprised and thought I was missing/forgetting something. I'm extremely happy with my home, the buying process, and working with Linda! She went above and beyond to help. Done again or in the future, I'd do the same thing and recommend her to anyone looking for a top notch agent!
